BAI Rope Light String Pendant Transparent 15 meter 15pcs LED Filament ST45 IP44 220-240V + Adapter (12V)

The Rope Light String Pendant is a special variation on Bailey's traditional 15mtr light string (#143417). This Rope Pendant combines the light of the traditional party lights with the typical LED elements that are in a "Led Rope". In contrast to the traditional light strings, this Pendant is made of transparent rubber so that the LED elements, which are poured into the hose every 10cm, do their job. The 12V (not 220-240V) supplied ST45 durable LED Party bulbs are made of polycarbonate, so they are "unbreakable". The warm white light color (2700K) makes it festive yet atmospheric. Ideal for temporarily or permanently embellishing and highlighting terraces, festivals, beer gardens, gardens and parks.

KLASIFIKACIJA

Grupė	Šviestuvai
Klasė	Šventinis apšvietimas
Pavadinimas	Rope Light String Pendant 15M Transp 15pcs LED FIL ST45 IP44
Gamintojas	BAI
