

Charging Hub 10 USB-A & 10 USB-C Ports

13388

BAI USB Charger for 10x USB-A en 10x USB-C 100W 5V 2.4A
EU Plug 110-240V 1.5m included 148x78x58mm

An increasing number of Bailey lighting products are rechargeable, offering maximum flexibility without the need for fixed power cables. To efficiently charge multiple devices at the same time, a powerful and compact solution is essential. The compact 100W USB Charging Hub delivers exactly that, featuring no fewer than 20 ports: 10x USB-A and 10x USB-C. Each USB port provides 2.4A, ensuring fast and reliable charging for all connected devices. Supplied with a 1.5-metre EU 110-240V power cable, this charging hub is ideal for professional use. Perfectly suited for rechargeable Bailey products from the RoBust LED Charge series and the LED Party Balls.
