Wall Mount Wood White with adjustable arm 24.5cm for pendant lamps

This fixture is not just any wall mount: it is a solution to fix any kind of pendants nicely to the wall with maximum flexibility. The cable does not go through a hole but can be nicely clamped at the end of the wooden arm (nose). The arm is adjustable in height at three different positions. With this wall mount you can hang lamps with or without a lamp shade with a diameter of up to 50 cm.
