VIC IR zone heating 15007R R7s 235V 1000W Gold Halogen 11x350mm Infra Red lamp

These low glare lamps are ideal for situations where warmth is required without the glare associated with uncoated ruby lamps. This is made possible by a special dichroic film coating process. Features: Multi-layer vacuum coated film more accurately controlled than with dip coating, Constant colour over entire length, Reduced occurrence of pinholes, Enhanced stability of the coating over lamp life, Light colour and output can be tailored to suit different applications like Personal care / heating and Paint curing.
