BAI EcoPack 5pcs LED Party Bulb Filament Ball G45 E27 0.6W Yellow 35lm 230V-240V 360D 45x70mm IP44 Shatterproof Polycarbonate LED-lamp

These LED energy-efficient atmosphere creators from Bailey are made of plastic that is colored in the mass. They are transparent and the visible LED filaments give them an even more decorative character. These items are a lot safer than their traditional glass predecessors. Ideal for events, festivals, terraces, amusement parks or for other festive decorations. When mounted hanging in combination with a suitable lamp holder (holder makes a watertight seal with the bulb) also outdoors applicable. We advise to use this lamp in combination with the Bailey Light Strings of 5, 10, 25 or 50m. The party bulbs are packed in a more environmentally friendly manner in a package of 5 pieces, which means less waste and handling.
