GE HaloCandle C35 B22d 240V 42W Helder 630lm 2000u 36x100mm Hoogvolt halogeenlamp

GE's HaloCandle range is a direct replacement for regular incandescent lamps offering a crisp white light. These bulbs are the environmentally friendly solution for those who prefer the features and light quality associated with incandescent bulbs. Last twice as long and consume up to 30% less electricity than corresponding incandescent lamps. Provide instant-on, full light output at start-up and lumens are maintained throughout the life of the product. Unlike some compact fluorescent products, these lamps are 100% retrofit with the incandescent lamps they replace. Can be used with dimming switches. Environmentally friendly with no lead or mercury.
