

# Lightbar SX300-CB

### ECE certified - ECE R112

The necessary tests and approvals were carried out and an ECE type approval was granted2)

### Combo Beam

Designed for both: far-field and near-field illumination. For widespread illumination in the near field and spot illumination in the far field.

### Light beam up to 210 m length

See and be seen with OSRAM

### on-road & off-road

Versatile applicable and flexible in use. On-road & off-road, in terrain, at work and in the spare time.

### Bringing light to life with OSRAM LEDriving driving and working lights

Considerable foresight on dark country roads, forest paths, off the beaten tracks, off-road and on-road- this can be achieved with the OSRAM LEDriving Lightbar SX300-CB. With its 12 powerful, high-performance long-life LEDs, the OSRAM LEDriving Lightbar SX300-CB has a range of up to 210 meters and thus offers the driver impressive foresight on-road and off-road. Even in dim light and reduced visibility due to external environmental influences, the OSRAM LEDriving Lightbar SX300-CB with up to 6000 Kelvin can provide conditions similar to daylight. The power package with up to 2600 lumens of luminosity scores with highest optical efficiency and homogeneous light distribution. This results in the possibility of an improved view for you and the improved visibility of your vehicle by other road users, and consequently also increased safety on-road and off-road. Whether on-road or off-road - OSRAM LEDriving Lightbar SX300-CB impresses with its powerful performance and a long service life with up to 5000 hours. Versatile applicable, it defies numerous environmental influences and, thanks to high-quality materials such as the aluminum housing and the stable polycarbonate lens, it is particularly light and at the same time robust and resistant. OSRAM LEDriving Lightbar SX300-CB has been tested and validated with the IP-Protection Class IP69K in our DIN certified environmental simulation laboratory for extreme external influences regarding water, dust, impacts, heat, cold and permanent vibration. The integrated driver and the thermal management system regulate the temperature of the LED Lightbar and can thus prevent damage from overheating. The polarity protection inhibits the wrong polarity of the voltage supply and can thus prevent possible damage by automatically switching off the LEDs. On-road and off-road, the OSRAM LEDriving Lightbar SX300-CB is an effective and efficient addition to your vehicle. No registration or entry in the vehicle documents is necessary for these ECE-certified LED driving lights<sup>2)</sup>. ECE Reference number: 10The OSRAM LEDriving Lightbar SX300-CB can be attached to cars, trucks, agricultural machinery, farm machinery, commercial vehicles, construction vehicles, caravans, off-road vehicles and quads<sup>2)</sup>. The OSRAM LEDriving Lightbar SX300-CB are versatile applicable and flexible in use.<sup>2)</sup> OSRAM LEDriving Driving Lights are approved according to ECE regulations and may therefore be installed and operated on public roads. Please note: Special installation regulations apply. In addition to ECE approval of the product, individual special requirements and legislation of the countries must be observed.

## Product datasheet

---

### Technical data

#### Product information

Order reference	LEDDL106-CB
Application (Category and Product specific)	Additional high beam application

#### Electrical data

Nominal voltage	12/24 V
Nominal wattage	30.00 W
Test voltage	13.5 V

#### Photometrical data

Luminous flux	2600 lm
Color temperature	6000 K
Light distance at 1lx	210 m

#### LED module information

Number of LEDs per module	12
---------------------------	----

#### Dimensions & weight

Product weight	2800.00 g
Length	350 mm
Width	63.5 mm
Height	38 mm

#### Lifespan

Lifespan Tc	5000 h
Guarantee	5 years

## Additional product data

---

---

### Luminous intensity distribution

Connector to lamp	Open wire
Product remark	Beam Pattern: Combo

### Capabilities

Technology	LED <sup>1)</sup>
------------	-------------------

<sup>1)</sup> Light-emitting diode application

### Certificates & standards

Standards	ECE R10, R112
Approval marks – approval	E4 approval
Type of protection	IP69K

### Country specific categorizations

Order reference	LEDDL106-CB
-----------------	-------------

### Logistical data

Commodity code	851220009000
----------------	--------------

---

### Logistical Data

## Product datasheet

Product code	Product description	Packaging unit (Pieces/Unit)	Dimensions (length x width x height)	Volume	Gross weight
4062172142083	Lightbar SX300-CB	Folding carton box 1	387 mm x 137 mm x 89 mm	4.72 dm <sup>3</sup>	3043.20 g
4062172142090	Lightbar SX300-CB	Shipping carton box 4	407 mm x 296 mm x 208 mm	25.06 dm <sup>3</sup>	12672.00 g

The mentioned product code describes the smallest quantity unit which can be ordered. One shipping unit can contain one or more single products. When placing an order, for the quantity please enter single or multiples of a shipping unit.

#### Legal advice:

The installation of the LEDiving Lightbar SX300CB is fully ECE compliant and therefore registration free. This does not include individual custom requirements of countries, in addition to the standardized ECE certification of the product.

1) Precise terms and conditions at: [www.osram.com/am-guarantee](http://www.osram.com/am-guarantee)

2) OSRAM LEDiving Driving Lights are approved according to ECE regulations and may therefore be installed and operated on public roads. Please note: Special installation regulations apply. In addition to ECE approval of the product, individual special requirements and legislation of the countries must be observed.

Refer to [www.osram.com/am-guarantee](http://www.osram.com/am-guarantee) for precise conditions

#### Application advice

## Product datasheet
